

Data Scientist – Machine Learning

Hours: Full Time, 37.5 hours

Contract: Permanent

Location: Hybrid, Central London / Remote (here's our [office](#))

About the company

FSB is one of the leading platform providers in the Sports Betting and iGaming sector. With an ever-increasing client base spanning across various countries and continents, you'll be joining us at an exciting time as our company grows and our journey accelerates rapidly in continuing to achieve great success. Will you be the next member of Team FSB? Develop your dream role and bet on us!

About the role:

FSB is looking for a Data Scientist to research and develop new machine learning models in a variety of areas including: customer behaviour, marketing strategy, and sportsbooks. We have large datasets for you that are currently highly underutilised. You will produce code for production environments and have the opportunity to work on the entirety of your project, from inception to deployment. You will collaborate with many areas of the business including traders, marketing, business analysis, and business intelligence to encourage innovation and ensure product effectiveness.

Responsibilities:

- Researching accurate and reliable predictive models
- Delivering high quality code
- Effective communication of research within the team and to other areas of the business
- Effective discussion of requirements with end users
- Assist with any other reasonable tasks within the context of the role/team/department as specified by the line or authorised manager

Essential Requirements (must have):

- Researching accurate and reliable predictive models
- Delivering high quality code
- Effective communication of research within the team and to other areas of the business
- Effective discussion of requirements with end users

Desirable Requirements (nice to have)

- Tensorflow
- Experience with customer data
- Experience with business python (as opposed to scientific python)
- PhD or independent, unguided research project
- Docker
- Airflow or other ETL tool

- Can find and understand academic papers

We would be keen to see if your talent matches our requirements. Please submit your interest via our website: <https://fsbtech.com/careers/>

Disclaimer: Please note that FSB currently does not have a licence to sponsor anyone who does not have the right to work in the UK.
