

iOS Developer

About the company

FSB is one of the leading platform providers in the Sports Betting and iGaming sector. With an ever-increasing client base spanning across various countries and continents, you'll be joining us at an exciting time as our company grows and our journey accelerates rapidly in continuing to achieve great success. Will you be the next member of Team FSB? Develop your dream role and bet on us!

About the role:

The iOS Developer will work on building and maintaining both new and existing iOS apps in the N.A. Sports Betting and iGaming markets. In this role, you will engage with Project Managers and Business Analysts from the N.A. Program Management team to gain an understanding of the customers' business strategy, processes, requirements, services, and roadmap, as well as to ensure iOS apps are adhering to jurisdictional regulatory requirements.

Responsibilities:

- Analyse and design new features with the help of your lead.
- Code in Swift following FSB standards.
- Unit test any new or existing features.
- Communicate using FSB's communication channels (JIRA, Discord, Emails) about progress.
- Pair programming and code reviews.
- Proactive approach to continuously improve FSB apps.
- Collaborate with FSB's employees to fulfil assignments.
- Provide second line support any iOS related questions to FSB's dedicated first line support team.
- Mentor and provide guidance to junior members of the team.
- Provide technical scope towards new development efforts.
- Communicate progress with the project team and align on project timelines.
- Carry out any other reasonable tasks within the context of the role/team/department, as specified by the line or an authorised manager.

Essential (must have) – knowledge, skills, and experience

Technical:

- 4+ years commercial experience of iOS Development in Swift
- Experience in Unit Testing
- Experience working with REST API calls and JSON
- Good understanding of MVVM or other iOS architectures

- Git
- CocoaPods

Other:

- Excellent oral and written communication skills, including the ability to communicate with various departments and ensure expectations are aligned.
- Developing successful partnerships and productive relationships with stakeholders at all levels both internally and externally
- Experience within an online and/ or retail Sports Betting or iGaming environment is a distinct advantage.
- Ability to deliver targets in a timely manner and communicate changes and risks in a timely fashion to internal and external stakeholders.
- Ability to work in a fast-paced environment, and within tight deadlines while maintaining quality workmanship.
- Confident and able to speak out against the crowd while supporting your own opinions with strong reasoning, analysis and evidence.
- High level attention to details is required as the role is accountable for end results to the customer and must get the small things right.
- Ability to think on the go and adapt quickly to changing demands.

Desirable (nice to have) – knowledge, skills and experience

Technical:

- Objective-C
- Fastlane
- UI Testing
- TDD
- Web Sockets
- Xcode Instruments
